

Title	Page No.
Structure of Ispigenin ^{determination}	
Structure of Quercetin ^{determination}	
Structure determination of Cyanidin	
Structure determination of Hirsutinidin	
Biosynthesis of flavonoids	
Structure determination of Luteolin	
Structure determination of Butein	
Acetate Pathway	
Physiological effect of PGE ₂	
Biogenesis of PGE ₂	
Biosynthesis of flavonoids by shikimic acid pathway	
Shikimic acid pathway	
Structure ^{determination} of Haemoglobin	
Plant pigments.	
Biogenesis of PGE ₉	
Structure determination of Diadzein	
" " " " Vitexin	
" " " " Cyanidin-7-arabinoside	
General study of flavonoids	
Str. determination of myricetin	
Structure determination of chlorophyll	
Str. determination of Quercetin-3-O-glucoside
